Dear Sir,

I have to thank you for your letter of the 14th November, and the accompanying copy of your journal.

Your address has been put on our mailing list, and you will henceforth be in receipt of all our bulletins, press statements and any other material for which publication is desired. I am hopeful that you will give the fullest publicity to everything we send you.

You will be interested to learn that we have quite a number of Revisionists dotted about in various parts of India, who will be happy to see Revisionist material and reports in your journal.

Hoping that this is the commencement of fruitful co-operation,

I am,

Yours faithfully,

Dear Sir,

I have to thank you for the regular receipt of the copies of the Jewish Advocate.

In the issue of July 1931, I notice certain remarks regarding Shaukat Ali and the anti-English utterances he has made at different times.

Could you possibly send me a selection of such utterances by Mr. Shaukat Ali, indicating the source in each case. These will greatly assist my Executive Committee in any action they may decide to take in connection with the anti-Zionist campaign Mr. Ali is planning to open in England.

Yours faithfully,

THE JEWISH ADVOCATE.

Dear Sir,

I have for acknowledgement your letter dated 24th August.

The delay in replying to this letter was because I have been making enquiries for a book containing the anti-English utterances made by Mr. Shaukat Ali a few years ago. Much to my regret I must inform you that no such book is available or for that matter a selection of such utterances.

As you might be aware about 7 or 8 years ago, Mr. Shaukat Ali was anti-British and all reports of his speeches appeared in the local press from time to time. When I commented in the July issue regarding the anti-English utterances of Mr. S. Ali, it was from memory.

It might, however, interest you to learn that Mr. Shaukat Ali has a poor following in India as he has earned the reputation of being a very insincere man. His influence also has undergone a considerable change for the worse.

In any case I would inform you that I am still promoting my enquiries and should I be fortunate enough to come across matter as required by you, I shall lose no time in forwarding same to you.

Yours cordially,

Dear Sirs,

The following item of news should surely be of great interest to you inasmuch as it exposes the tactics of a Zionist Delegate to win a seat at the next Zionist Congress.

Mr. Adolph Myers, who is a Keren Hayesod delegate visited this country in order to collect funds for the Keren Hayesod. After visiting Bombay, ^(now, I remember, ago) Calcutta he went to Rangoon where his visit resulted in his collecting the ~~xxxxx~~ paltry sum of Rs 400/-. While he was at Rangoon, he presided at a debate on the "Need for a Zionist Federation for India and Burma." After all the pros and cons were heard on the subject, Mr. Myers summarized the different speeches and concluded by saying that what was essential may not be practical. He said that in order to establish a Zionist Federation for India and Burma it was first necessary to establish proper Zionist societies in the main towns in India which should function properly at least for a period of 5 years. After these Zionist societies in the various places in India functioned properly, then a Zionist Federation could be built. (Vide "Jewish Advocate" page 671 February issue.) Strange to say after a few days after he had made this utterance he suddenly changed his mind and intimated to those in Bombay that he was returning to Bombay for the purposes of establishing a Zionist Federation with a view to Congress representation. He did not conceal the fact that he would like to go to Congress to represent Indian Jewry. Although he was intimated officially more than once not to return to Bombay he returned to Bombay from Rangoon to Calcutta by air and then to Bombay by train to rush through his federation scheme. As a result of the opposition that he met with by committee members of the local Zionist Association in Bombay he was the cause of a split in the Zionist Association. He was told by those who opposed him that it was not federation that he was aiming at for India and Burma but his election to the next Zionist Congress. ^{as he told me} A representative of the Keren Hayesod he was entitled to the full support of all and sundry but he would not be helped in a scheme that would benefit him solely. Perhaps, in the face of the opposition with which Mr. Myers has met he may abandon the idea of federation and representation at the Zionist Congress but I ask you, gentlemen, is it in keeping with ~~xxx~~ things that a man who is sent on behalf of a 'fund' that collects money for Palestine for the benefit of all Jews should make use of his position for political purposes.

its gratify his own ends.

Dear Mr. Ben-David,

We beg to acknowledge receipt of your letter of Feb. 18th, for which we thank you. It was very interesting indeed to learn of the strange activities of the Keren Hayesod delegate to India. I agree with your statement that a delegate of the Keren Hayesod who travels on the expenses of this fund, should not use his connections with the fund to obtain a congress mandate for himself. This must be regarded as unfair. We discussed this matter here together with what steps were to be taken by us in connection with your information. We shall not approach the head-office of the Keren Hayesod, because it is, as you certainly know, an institution of the mixed Jewish Agency which the Revisionists do not recognise. This does not convey that the Revisionists do not work for the Keren Hayesod; on the contrary, our fellow-members are working throughout the world for the Keren Hayesod as well as for the Keren Kayemeth. Whilst the Revisionists help the Keren-Hayesod-campaign, they do, nevertheless, not take part in the Board of Directors of this fund. Under the circumstances we do not see our way to approach this Board officially. We doubt altogether whether such a step which would be of any use, as we know from experience that it is very difficult to obtain an impartial opinion of the Keren Hayesod authorities.

We came, therefore, to the decision to give your information the widest publicity without mentioning your name. We hope that our report on this matter will appear this week in periodical newspapers throughout many countries and we shall send you a few copies. We would be very grateful to you should you inform us whether there are some Revisionist sympathisers in India. You probably know that the Revisionists had a delegation of 52 members at the last congress and were the second strongest party at the Congress. During the last 2 years our Movement grew immensely throughout the whole world, so that we hope to double the number of our delegates at the 18th Congress. India is now the only country in the world in which we have no official Revisionist Union. It would be a very important task for our friends to take initiative to create such a Union which in view of the

special political position of your country would prove of great advantage. From your letter it appeared that you sympathize with our aim to create a Jewish State with a Jewish majority on both sides of the Jordan. If this were the case we would be glad to get in permanent touch with you. The Revisionist Separate Union would be able to place a representative of the Indian Revisionists on its World Election List in order to supply him with a Congress Mandate.

We are sending you with the same post a few Revisionist pamphlets from which you will be able to learn the exact attitude of the Revisionists to the political and economic questions of the Zionist Movement.

Hoping to hear from you in the near future, we are,

With Zion's Greetings,
Yours faithfully,

Dear Sir,

Of late, I have been reading Zionist literature from a Revisionist viewpoint and I find that I am greatly interested in Revisionism. Very few people here know much about the Revisionist movement and there is a wide field here to educate them as to what Revisionism stands for.

THE JEWISH TRIBUNE is an open forum for the presentation of views, no matter to what school of thought a person may belong. It offers a unique opportunity of getting into touch with the masses scattered all over India, Burma, Singapore, The Far East, Iraq.

I trust therefore, you will keep me posted with all Revisionist news and send me articles from a Revisionist viewpoint for publication in the columns of the "JEWISH TRIBUNE." If Revisionist leaders will contribute articles, I shall be very glad to give every publicity to same. For this side of the world you can confine Revisionist news to us.

With kindest regards,

Very sincerely yours,

Joe L. Sargon

Managing Editor.

P.S. Please not change of name as above and kindly alter your records from The Jewish Tribune to THE JEWISH TRIBUNE, addressing all communications to me accordingly.
